

# Project Service Area Boundaries – 1<sup>st</sup> FTTH project

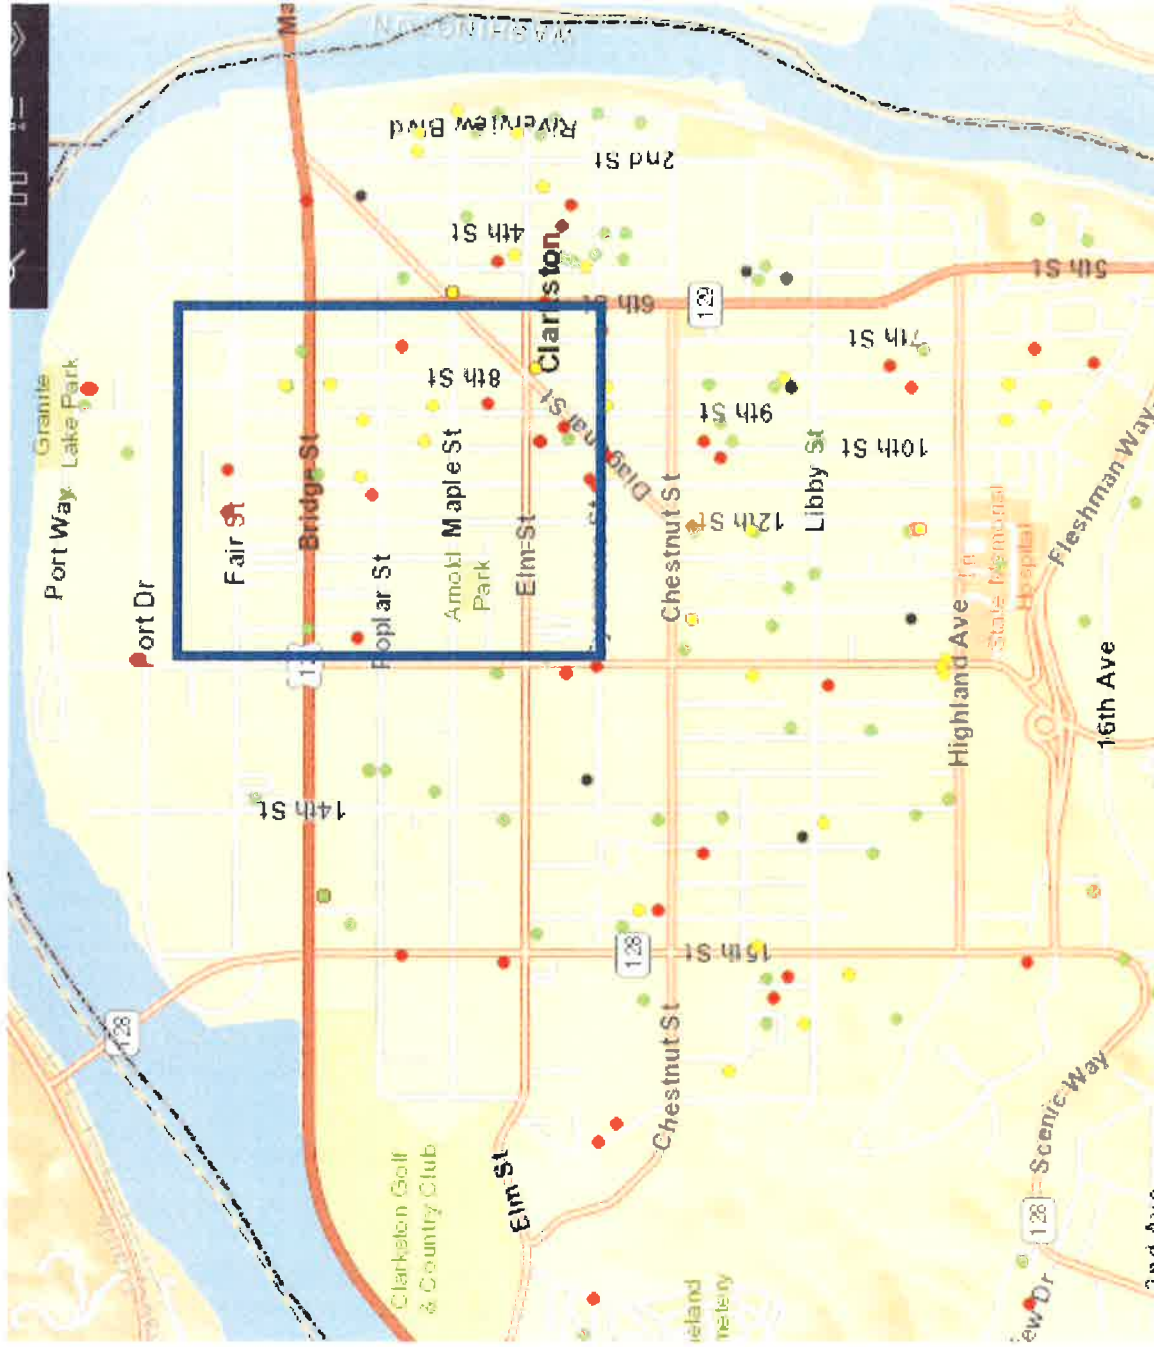

Ben Johnson Road

## **Port of Clarkston Broadband Construction Request for Public Works Board consideration – 2<sup>nd</sup> FTTH project**

*The scope for the Port of Clarkston broadband construction project is Fiber-to-the-Home within the City limits of Clarkston, WA, north of Sycamore St to just north of Fair St., east of 13<sup>th</sup> St, with 6<sup>th</sup> St. marking the eastern boundary.*

*Note: The only decent broadband speeds—which are well short of state goals—are on the commercial corridors. Homes in this area are tragically underserved.*

For more information on this project, contact Port of Clarkston, 849 Port Way, Clarkston, WA 99403; office: 509-758-5272; contact: Wanda Keefer; email: [wanda@portofclarkston.com](mailto:wanda@portofclarkston.com).
